### Prepare For Your Appointment

Drink plenty of water  
prior to your  
appointment

Continue to take all  
medications as  
prescribed by your  
healthcare provider

Do not eat or drink  
anything, except water,  
for 9-12 hours prior to  
the blood test

For questions, contact the Health & Wellness Service Center: **855.623.9355**

### Additional Information

To get the most accurate glucose reading, we recommend you fast 6-9 hours prior to your screening. Fasting means that you have not had anything to eat or drink which includes (but not limited to) coffee, energy drinks, soda, cough drops, breath mints, or gum. Please drink at least 16 oz. of water the day of your screening. Please remember to take your medications per your doctor's recommendations.

- On the dashboard, you will be able to see your scheduled appointment
- You can select the green **Download to Calendar** link to add the appointment to your calendar
- If needed, you can also use the green buttons to cancel or reschedule your appointment
- selecting the **Need more appointment information?** link will take you back to the appointment confirmation page
